OFFICE OF PETITIONS

In re Application of	:	
Garner	:	DECISION
Application No. 10/714,241	:	
Filing Date: 13 November, 2003	:	
Attorney Docket No.: (None)	:	

This is a revised decision on the petition filed on 17 February, 2006, requesting withdrawal of the holding of abandonment under 37 C.F.R. §1.181.

For the reasons set forth below, the petition as considered under 37 C.F.R. §1.181 is **DISMISSED**.

NOTES:

- (1) Any petition (and fee) for reconsideration of this decision must be submitted within two (2) months from the mail date of this decision. Extensions of time under 37 C.F.R. §1.136(a) are permitted. The reconsideration request should include a cover letter entitled "Renewed Petition under 37 C.F.R. §1.181."

(It appears that Petitioner's only alternative herein is to file a petition under 37 C.F.R. §1.137(b).)

- (2) Thereafter, there will be no further reconsideration of this matter.¹
- (3) Petitioner's submissions suggest a lack of familiarity with petitions practice before the Office. Petitioner may wish to seek the guidance of a registered to practice before the Office, which information may be found at www.uspto.gov. Petitioner may also find there extensive commentary on the prosecution of an application in the form of the Manual of Patent Examining Procedure (MPEP).

BACKGROUND

The record reflects that:

- Petitioner failed to reply timely and properly to the non-final Office action mailed on 10 December, 2004, with reply due absent extension of time on or before 10 March, 2005;
- on 2 March, 2005, Petitioner filed a paper, entitled: "Claims" and comprised of two (2) pages, however, on 8 July, 2005, the Office mailed a Notice of Non-Compliant Amendment and set a one- (1-) month period of response;²
- it was Petitioner's failure to reply timely and properly to the 8 July, 2005, which then resulted in the application going abandoned after midnight 8 August, 2005;
- Petitioner submitted additional papers on 24 August, 2005, however, as noted above, the application already had gone abandoned;
- the Office mailed the Notice of Abandonment on 31 January, 2006;
- on 17 February, 2006, Petitioner filed a the instant paper (considered as a petition under 37 C.F.R. §1.181, inter alia, because Petitioner has failed to submit the petition with any fee), and with the allegation that he has been in contact with the Examiner (documented by the Examiner's Interview Summary) and that Petitioner had responded to the office action.

¹ For more than a century, punctuality and due diligence, equally with good faith, have been deemed essential requisites to the success of those who seek to obtain the special privileges of the patent law, and they are demanded in the interest of the public and for the protection of rival inventors. See: Porter v. Loudon, 7 App.D.C. 64 (C.A.D.C. 1895), citing Wollensak v. Sargent, 151 U.S. 221, 228, 38 L. Ed. 137, 14 S. Ct. 291 (1894). An invention benefits no one unless it is made public, and the rule of diligence should be so applied as to encourage reasonable promptness in conferring this benefit upon the public. Automatic Electric Co. v. Dyson, 52 App. D.C. 82; 281 F. 586 (C.A.D.C. 1922). Generally, 35 U.S.C. §6; 37 C.F.R. §§1.181, 182, 183.

² This Notice incorrectly reflects the receipt date of the filing as "04-02-05" (emphasis added), rather than the correct receipt date of 2 March, 2005.

Petitioner is reminded that all practice before the Office is in writing (see: 37 C.F.R. §1.2³). Moreover, Petitioner must be responsive within the time limits set out by the Office in Office actions because these time periods are statutorily set by Congress and cannot be altered by the Office.

STATUTES, REGULATIONS AND ANALYSIS

Congress has authorized the Commissioner to "revive an application if the delay is shown to the satisfaction of the Commissioner to have been "unavoidable." 35 U.S.C. §133 (1994).⁴

The regulations at 37 C.F.R. §1.137(a) and (b) set forth the requirements for a petitioner to revive a previously unavoidably or unintentionally, respectively, abandoned application under this congressional grant of authority. The language of 35 U.S.C. §133 and 37 C.F.R. §1.137(a) is clear, unambiguous, and without qualification: the delay in tendering the reply to the outstanding Office action, as well as filing the first petition seeking revival, must have been unavoidable for the reply now to be accepted on petition.⁵

Delays in responding properly raise the question whether delays are unavoidable.⁶ Where there is a question whether the delay was unavoidable, Petitioners must meet the burden of establishing that the delay was unavoidable within the meaning of 35 U.S.C. §133 and 37 C.F.R. §1.137(a).⁷ And the Petitioner must be diligent in attending to the matter.⁸ Failure to do so does not

³ The regulations at 37 C.F.R. §1.2 provide:

§1.2 Business to be transacted in writing.

All business with the Patent and Trademark Office should be transacted in writing. The personal attendance of applicants or their attorneys or agents at the Patent and Trademark Office is unnecessary. The action of the Patent and Trademark Office will be based exclusively on the written record in the Office. No attention will be paid to any alleged oral promise, stipulation, or understanding in relation to which there is disagreement or doubt.

⁴ 35 U.S.C. §133 provides:

35 U.S.C. §133 Time for prosecuting application.

Upon failure of the applicant to prosecute the application within six months after any action therein, of which notice has been given or mailed to the applicant, or within such shorter time, not less than thirty days, as fixed by the Commissioner in such action, the application shall be regarded as abandoned by the parties thereto, unless it be shown to the satisfaction of the Commissioner that such delay was unavoidable.

⁵ Therefore, by example, an unavoidable delay in the payment of the Filing Fee might occur if a reply is shipped by the US Postal Service, but due to catastrophic accident, the delivery is not made.

⁶ See: Changes to Patent Practice and Procedure; Final Rule Notice, 62 Fed. Reg. at 53158-59 (October 10, 1997), 1203 Off. Gaz. Pat. Office at 86-87 (October 21, 1997).

⁷ See: In re Application of G, 11 USPQ2d 1378, 1380 (Comm'r Pats. 1989).

⁸ See: Diligence in Filing Petitions to Revive and Petitions to Withdraw the Holding of Abandonment, 1124 Off. Gaz. Pat. Office 33 (March 19, 1991). It was and is Petitioner's burden to exercise diligence in seeking either to have the holding of abandonment withdrawn or the application revived. See 1124 Off. Gaz. Pat. Office supra.

constitute the care required under Pratt, and so cannot satisfy the test for diligence and due care.

(By contrast, unintentional delays are those that do not satisfy the very strict statutory and regulatory requirements of unavoidable delay, and also, by definition, are not intentional.⁹))

Allegations as to the Request to
Withdraw the Holding of Abandonment

The courts have determined the construct for properly supporting a petition seeking withdrawal of a holding of abandonment.¹⁰

The commentary at MPEP §711.03(c) provides:

* * *

**B. Petition To Withdraw Holding of Abandonment Based on
Evidence That a Reply Was Timely Mailed or Filed**

37 C.F.R. §1.10(c) through §1.10(e) and §1.10(g) set forth procedures for petitioning the Director of the USPTO to accord a filing date to correspondence as of the date of deposit of the correspondence as “Express Mail.” A petition to withdraw the holding of abandonment relying upon a timely reply placed in “Express Mail” must include an appropriate petition under 37 C.F.R. §1.10(c), (d), * (e), or (g) (see MPEP § 513). When a paper is shown to have been mailed to the Office using the “Express Mail” procedures, the paper must be entered in PALM with the “Express Mail” date.

Similarly, applicants may establish that a reply was filed with a postcard receipt that properly identifies the reply and provides *prima facie* evidence that the reply was timely filed. See MPEP § 503. For example, if the application has been held abandoned for failure to file a reply to a first Office action, and applicant has a postcard receipt showing that an amendment was timely filed in response to the Office action, then the holding of abandonment should be withdrawn upon the filing of a petition to withdraw the

⁹ Therefore, by example, an unintentional delay in the reply might occur if the reply and transmittal form are to be prepared for shipment by the US Postal Service, but other pressing matters distract one’s attention and the mail is not timely deposited for shipment.

¹⁰ See: Delgar v. Schulyer, 172 USPQ 513 (D.D.C. 1971).

holding of abandonment. When the reply is shown to have been timely filed based on a postcard receipt, the reply must be entered into PALM using the date of receipt of the reply as shown on the post card receipt.

Where a certificate of mailing under 37 C.F.R. §1.8, but not a postcard receipt, is relied upon in a petition to withdraw the holding of abandonment, see 37 C.F.R. §1.8(b) and MPEP § 512. As stated in 37 C.F.R. §1.8(b)(3) the statement that attests to the previous timely mailing or transmission of the correspondence must be on a personal knowledge basis, or to the satisfaction of the Director of the USPTO. If the statement attesting to the previous timely mailing is not made by the person who signed the Certificate of Mailing (i.e., there is no personal knowledge basis), then the statement attesting to the previous timely mailing should include evidence that supports the conclusion that the correspondence was actually mailed (e.g., copies of a mailing log establishing that correspondence was mailed for that application). When the correspondence is shown to have been timely filed based on a certificate of mailing, the correspondence is entered into PALM with the actual date of receipt (i.e., the date that the duplicate copy of the papers was filed with the statement under 37 C.F.R. §1.8).

37 C.F.R. §1.8(b) also permits applicant to notify the Office of a previous mailing or transmission of correspondence and submit a statement under 37 C.F.R. 1.8(b)(3) accompanied by a duplicate copy of the correspondence when a reasonable amount of time (e.g., more than one month) has elapsed from the time of mailing or transmitting of the correspondence. Applicant does not have to wait until the application becomes abandoned before notifying the Office of the previous mailing or transmission of the correspondence. Applicant should check the private Patent Application Information Retrieval (PAIR) system for the status of the correspondence before notifying the Office. See MPEP § 512.

* * *

Thus, Petitioner appears not to have satisfied the showing requirements described above.

CONCLUSION

Because Petitioner has not satisfied the burdens set forth in Delgar v. Schulyer, the petition as considered under 37 C.F.R. §1.181 hereby is **dismissed**.

ALTERNATIVE VENUE

It is very clear in this matter that Petitioner's only alternative to irretrievable abandonment may be petition alleging unintentional delay under 37 C.F.R. §1.137(b).¹¹

Petitioner may wish to file such a petition to the Commissioner requesting revival of an application abandoned due to unintentional delay. (See:
http://www.uspto.gov/web/offices/pac/mpep/documents/0700_711_03_c.htm#sect711.03c)

A petition to revive on the grounds of unintentional delay must be filed promptly and such petition must be accompanied by the reply (the amendment), the petition fee, and a statement that "the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition was unintentional." (The statement is in the form available online.)

Notice of Non-Compliant Amendment (37 CFR 1.121)

The amendment document filed on 4-2-05 is considered non-compliant because it has failed to meet the requirements of 37 CFR 1.121. In order for the amendment document to be compliant, correction of the following item(s) is required. Only the corrected section of the non-compliant amendment document must be resubmitted (in its entirety), e.g., the entire "Amendments to the claims" section of applicant's amendment document must be re-submitted. 37 CFR 1.121(h).

THE FOLLOWING CHECKED (X) ITEM(S) CAUSE THE AMENDMENT DOCUMENT TO BE NON-COMPLIANT:

- ☐ 1. Amendments to the specification:
- ☐ A. Amended paragraph(s) do not include markings.
 - ☐ B. New paragraph(s) should not be underlined.
 - ☐ C. Other _____
- ☐ 2. Abstract:
- ☐ A. Not presented on a separate sheet. 37 CFR 1.72.
 - ☐ B. Other _____
- ☐ 3. Amendments to the drawings: _____
- ☒ 4. Amendments to the claims:
- ☐ A. A complete listing of all of the claims is not present.
 - ☐ B. The listing of claims does not include the text of all pending claims (including withdrawn claims)
 - ☒ C. Each claim has not been provided with the proper status identifier, and as such, the individual status of each claim cannot be identified. Note: the status of every claim must be indicated after its claim number by using one of the following 7 status identifiers: (Original), (Currently amended), (Canceled), (Withdrawn), (Previously presented), (New) and (Not entered).
 - ☐ D. The claims of this amendment paper have not been presented in ascending numerical order.
 - ☒ E. Other: Not original draft

For further explanation of the amendment format required by 37 CFR 1.121, see MPEP Sec. 714 and the USPTO website at <http://www.uspto.gov/web/offices/pac/dapp/opla/prenotice/officefiver.pdf>.

If the non-compliant amendment is a **PRELIMINARY AMENDMENT**, applicant is given **ONE MONTH** from the mail date of this letter to supply the corrected section which complies with 37 CFR 1.121. Failure to comply with 37 CFR 1.121 will result in non-entry of the preliminary amendment and examination on the merits will commence without consideration of the proposed changes in the preliminary amendment(s). This notice is not an action under 35 U.S.C. 132, and this **ONE MONTH** time limit is not extendable.

If the non-compliant amendment is a reply to a **NON-FINAL OFFICE ACTION** (including a submission for an RCE), and since the amendment appears to be a *bona fide* attempt to be a reply (37 CFR 1.135(c)), applicant is given a **TIME PERIOD** of **ONE MONTH** from the mailing of this notice within which to re-submit the corrected section which complies with 37 CFR 1.121 in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD ARE AVAILABLE UNDER 37 CFR 1.136(a).**

If the amendment is a reply to a **FINAL REJECTION**, this form may be an attachment to an Advisory Action. The period for response to a final rejection continues to run from the date set in the final rejection, and is not affected by the non-compliant status of the amendment.

NOTICE REQUIRING EXTENSION OF TIME FEE
No New Time Period is Provided

Applicant's reply to the Office Action mailed on 12-10-04 was received in the Office on 4-2-05, which is after the expiration of the period for reply set in the Office action. The time period for reply continues to run from the mailing date of the Office action. This application will become ABANDONED unless applicant obtains an extension of time by filing a petition under 37 CFR 1.136(a) accompanied by the appropriate fee as set forth in 37 CFR 1.17(a)(1)-(5) within the maximum extendable time period for reply (e.g., six months for a reply to a non-final rejection).

The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee due. The expiration of the time period is determined by the amount of the fee paid. In no case may an applicant reply later than the maximum period of SIX (6) MONTHS statutory period or obtain an extension for more than FIVE (5) MONTHS beyond the date for reply set forth in an Office action.

- ☒ 1. The appropriate extension of time fee is missing.
- ☐ 2. The extension of time fee submitted is insufficient.
- ☐ 3. The funds in Deposit Account No. _____ are insufficient to cover the entire fee due. The balance is due within the time period set forth in this notice. See note below regarding the appropriate service charge.
- ☐ 4. The Credit Card payment to cover the entire fee due to Account _____ (Card type + last 4 digits ONLY) was refused. The balance is due within the time period set forth in this notice. See note below regarding the appropriate service charge.
- ☒ 5. Other.

Explanation (Provide specific details of the required correction in order to assist the applicant. Indicate whether a service charge has been added to the fee due):

Need deposit account to charge for appropriate months for ext. of time.

THE AMOUNT OF THE FEE(S) DUE IS SUBJECT TO CHANGE, GENERALLY ON OCTOBER 1 OF EACH YEAR (37 CFR 1.17 & 1.21). THE AMOUNT OF THE FEE(S) DUE IS DETERMINED AS OF THE DATE A COMPLETE REPLY WITH THE APPROPRIATE FEE(S) IS RECEIVED BY THE OFFICE (37 CFR 1.8 & 1.10). DETAILED ACTION

Specification

The following guidelines illustrate the preferred layout for the specification of a utility application. These guidelines are suggested for the applicant's use. It is suggested that Applicant's specification be rewritten to conform to these guidelines. However, Applicant is reminded that no new inventive matter may be entered into the specification at this time. Only those sections that are relevant to Applicant's invention need be included (i.e., there is no need to include sections b, c, d, or k). Applicant is referred to the cited patents for examples of proper specification format.

Arrangement of the Specification

As provided in 37 CFR 1.77(b), the specification of a utility application should include the following sections in order. Each of the lettered items should appear in upper case, without underlining or bold type, as a section heading. If no text follows the section heading, the phrase "Not Applicable" should follow the section heading:

- (a) TITLE OF THE INVENTION.
- (b) CROSS-REFERENCE TO RELATED APPLICATIONS.
- (c) STATEMENT REGARDING FEDERALLY SPONSORED RESEARCH OR DEVELOPMENT.
- (d) INCORPORATION-BY-REFERENCE OF MATERIAL SUBMITTED ON A COMPACT DISC (See 37 CFR 1.52(e)(5) and MPEP 608.05. Computer program listings (37 CFR 1.96(c)), "Sequence Listings" (37 CFR 1.821(c)), and tables having more than 50 pages of text are permitted to be submitted on compact discs.) or
REFERENCE TO A "MICROFICHE APPENDIX" (See MPEP § 608.05(a). "Microfiche Appendices" were accepted by the Office until March 1, 2001.)
- (e) BACKGROUND OF THE INVENTION.
 - (1) Field of the Invention.
 - (2) Description of Related Art including information disclosed under 37 CFR 1.97 and 1.98.
- (f) BRIEF SUMMARY OF THE INVENTION.
- (g) BRIEF DESCRIPTION OF THE SEVERAL VIEWS OF THE DRAWING(S).
- (h) DETAILED DESCRIPTION OF THE INVENTION.
- (i) CLAIM OR CLAIMS (commencing on a separate sheet).
- (j) ABSTRACT OF THE DISCLOSURE (commencing on a separate sheet).
- (k) SEQUENCE LISTING (See MPEP § 2424 and 37 CFR 1.821-1.825. A "Sequence Listing" is required on paper if the application discloses a nucleotide or amino

Art Unit: 3744

acid sequence as defined in 37 CFR 1.821(a) and if the required "Sequence Listing" is not submitted as an electronic document on compact disc).

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-4 are rejected as failing to define the invention in the manner required by 35 U.S.C. 112, second paragraph.

The claim(s) are narrative in form and replete with indefinite and functional or operational language. The structure which goes to make up the device must be clearly and positively specified. The structure must be organized and correlated in such a manner as to present a complete operative device. The claim(s) must be in one sentence form only. Note the format of the claims in the patent(s) cited.

A preliminary search turned up the cited patents. However, due to the indefinite nature of Applicant's claims, it is impossible to do a full analysis regarding the patentability of Applicant's invention at this time. Applicant is required to rewrite the claims in a manner conforming to proper USPTO practice and procedure. Upon receipt of Applicant's revised claims, a new and full search of the prior art and analysis on the merits of Applicant's invention will be performed.
